I'm trying to memorize my verse, but I keep messing up the last phrase.

I was sick for a few days and now I have a lot of school work to catch up on.

My big gymnastics meet is coming up and I can't master one of the flips.

I'm having trouble getting along with my sister.

My mom got a new job but she works late and now I have to do a lot more chores after school.

My dad has been sick for a while and everyone is having to pitch in to help take care of him.

I got a hamster but it's hard to remember to feed him and give him water.

I have some questions about Jesus.

I have to read to my little brother every night before bed and he's always moving around, not listening.

I'm bad at spelling, but I have a big spelling test coming up.

WHAT TO DO:

Print and cut apart one set. Keep the stack separate from the "Sticky Solutions" cards.
